March 2012

Coppice litter!

The Fisheries Work Party is currently at Coppice Lake renewing all the platforms. On Tuesday 27th February, they were greeted in the car park with the following;

Coppice, our most popular fishery, has the worst litter problem of all the BAA fisheries. Signs have been put in place around the lake asking anglers to take their litter home, and litter is cleared regularly when Bailiffs or Fisheries visit.

The Fisheries Team is meeting to identify additional actions that can be taken to reduce the problem. If you have any ideas please email them to us. We will keep you updated on actions identified. Please note that we cannot provide litter bins as they attract vermin and we can't get anyone to empty them.

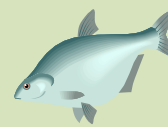

Please do not hesitate to report any issues that concern you when visiting Coppice Lake to the following contacts;

Dave Webb (Superintendent Bailiff) Mobile – 07973 624419

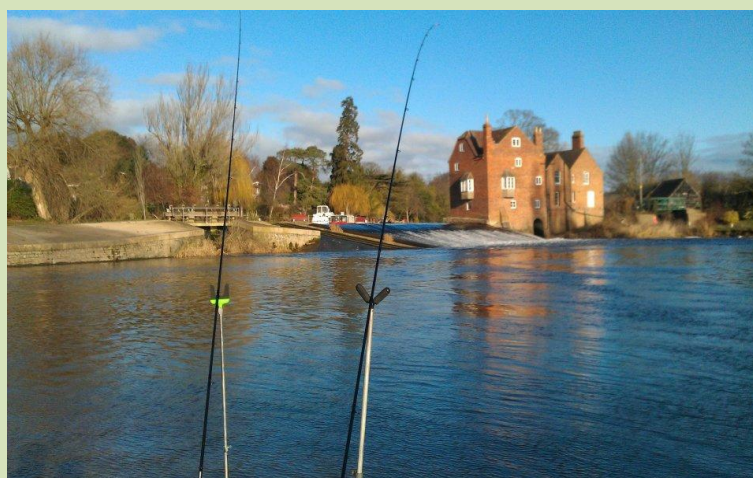

John Williams (General Secretary) Landline – 01562 882116 (BAA HQ)

Fishing news

Dad's first barbel

Hi,

Colin Townsend advised me to send some pictures of my dad and I on a recent trip to Fladbury. We fished on the island with 2 rods each; one rod with a maggot feeder mainly for the smaller fish and the odd big chub, bream or barbel that comes along! The maggot feeder was set up with 6lb maxima and a size 16 hook with 3 maggots. The 2nd rod was just for the barbel and chub. We set up 2 barbel rods with 15lb maxima, korda hooks and tried a number of different hook baits including luncheon meat, double 6mm elipse pellets but finally it was 12mm Chapel baits bloodworm boilie combined with Hinders barbel bomb groundbait and hemp that worked! My Dad had the first fish which was a chub at 3lb closely followed by his first barbel at 5lb 1oz. It was a lovely day and at about 2:30 the fish started coming on all methods. We had several chub with the biggest being 4lb but sadly only the one barbel. If you want to put the barbel weight on the website my dad's name is David Johnson. He also caught the 7lb 5oz bream at Fladbury, so if you want to change his name to David Johnson you are more than welcome to! I have attached some pictures for the website.

Regards
Oli

Fishing news record

fish/catcher	lb	oz	location	method	edition

Nature views

Fladbury sunrise and mist

Hi,
Just looked at the February newsletter (very good as always) if you are looking for nice photos see the ones attached from Fladbury. A great sunrise one day and a lovely misty winters morning the other, it's not always about catching fish.
Cheers, Steve Hall

PS Do you know any of your waters where a grayling might be tempted onto a hook? I have always wanted to catch one.

Ed: According to the Guide to Waters, the places for grayling are; River Lugg, but parking is not easy, or the Upper River Severn at Pool Quay, Maesydd and Rhyddesgyn. If any of our readers have suggestions where Steve can fish for grayling, please let us know.

Freezing day at Wasperton

Hi you may like to use this picture of a robin who kept me company at Manor Farm on a very cold 3rd February 2012. Also one of a bit of ice forming.

Regards, Tony Hammond.

Executive update

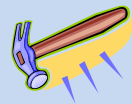

Netherseal

In the February 2012 edition we reported on a plan to erect stiles over the new fence alongside the River Mease to make access for anglers easier. Due to the cost, manpower required and low usage by our members we are investigating more cost effective alternatives. We will keep you informed.

The fence was put in place by the land owner at the request of Natural England to prevent cattle getting into the river and polluting it.

Fisheries report

The Fisheries Work party has carried out work at the following fisheries since the last edition;

Coppice Lake

All the old platforms have been removed and replacements are being installed. This work is expected to be completed by mid March.

Nordley Pools

Contractor investigating the improvement of drainage alongside pools 1 and 2 by the laying of a pipe in the drainage gully and back filling.

Archive extracts

Angler's trains

In the days before mass car ownership, anglers from the major cities would often use trains to reach their chosen fishing locations. BAA members could apply for a railway travelling card giving them access to the special trains and cheap fares which ran between the city and stations near the fisheries. Extracts from a 1932 Railway Travelling Card is shown below. The railway companies listed (LMS and GWR) have long since ceased to exist and many of the stations listed such as Fladbury and Ripple have closed or such as Bewdley and Arley are now part of the Severn Valley Railway. Some of the items on the card are still relevant today such as; *Be sure and close Meadow gates. Remove Contest Peg Numbers and leave no Litter.* Some things never change.

The contrast is interesting, last month we provided a list of SatNav references for our fishery car parks. The railway travelling card lists the nearest stations for each fishery.

Four billiard tables and weekend concerts may be a bit of a squeeze at Hagley HQ!

BIRMINGHAM Anglers' Association.

ESTABLISHED 1883.

Headquarters : Crown Buildings, Bailey Street,
Birmingham.

Name of Club *Letch & Batchelors*

Birmingham Anglers' Association Headquarters Club,

CROWN BUILDINGS, BAILEY STREET,
BIRMINGHAM.

Open to all members of the Association above
the age of 18 years.

PERMITTED HOURS—

Week-day, 11 a.m. to 2-30 p.m., 5-30 to 10 p.m.

Sunday, 12 noon to 2 p.m., 7 to 10 p.m.

FOUR BILLIARD TABLES. Open all day.

LIBRARY of Angling Books for members.

CONCERTS every Saturday and Sunday.

Club Secretaries should note that the large
Assembly Rooms are available for Club Dinners,
Prize Distributions, Meetings, etc.

Applications for same should be made to
A. KINDON, Hon. Sec.,
25 Miller Street, Birmingham.

Waters Rented by the Association.

Stratford-on-Avon Canal, 25 miles.

By arrangement with the Great Western Railway Company and the Lords of the Manor, through which the Canal passes, and Owners of Land adjoining the Navigation, from Lifford (near King's Norton) to Stratford-on-Avon, including the junction with the Warwick and Birmingham Canal near Kingswood, but excluding Earlswood Reservoirs. Fishing only from the Towing Path.

Licenses required : From Lapworth towards Birmingham—Trent ; towards Stratford—Severn.

No Bicycles allowed on the Canal without the Company's Permit, 2/6 per annum.

River Severn at Bridgnorth, about 2 miles.

On the right bank down stream from Bridgnorth the fishing commences at Knowle Sands and continues to Haye Brook at Eardington. The portion of the brook in the last meadow is included.

The meadows are numbered 1 to 13. No. 1 is at Knowle Sands and No. 13 at Eardington.

Headquarters : Knowle Sands—The Swan. Station : Bridgnorth. Eardington—The Crown. Station : Eardington.

On the left bank down stream at Quatford, meadows No. 2 to 7, above the rock towards Bridgnorth.

Headquarters : The Danery. Stations : Eardington or Bridgnorth.

River Severn at Bewdley, 2 miles.

From Bewdley cross the River Bridge, turn to the left and follow the path down stream to the Timber Wharf Gate, below Blackstone Rock. Fishing commences in meadow No. 4 and extends down stream to Gladder Brook (meadow No. 7).

Headquarters : Thurston Hotel. Station : Bewdley.

From Stourport cross River Bridge, turn up stream on the left bank of the river. Fishing commences at meadow No. 7 (Gladder Brook) and continues to the first gate at the Timber Wharf (meadow No. 4), Bewdley.

Headquarters : Bridge Hotel and Crown Hotel. Station : Stourport.

River Severn at Tewkesbury, 4½ miles.

Bushley, meadows No. 1 to 19, right bank down stream. No. 1 meadow is near the Barley House, No. 19 at Mythe Bridge. For meadows No. 1 to 8, book to Ripple and ferry over.

Headquarters : Railway Inn. Station and Ferry : Ripple.

Cross Mythe Bridge, turn to the right (meadow No. 19) and continue on the left bank up stream to the Barley House (meadow No. 1).

Ripple, left bank down stream, meadows No. 1 to 4. These meadows are about one mile from Mythe Bridge. Do not cross Mythe Bridge, but take the right bank up stream.

Headquarters : Various. Station : Tewkesbury.

River Severn, about 3 miles.

Meadows No. 1 to 12, along the Dudmaston Estate from Quatford to Hampton Loade, left bank down stream. No. 1 meadow is near The Danery, Quatford, and meadow No. 12 is at Hampton Loade.

River Severn at Arley, about 4 miles.

On the right bank down stream from Bargate Cottage to Arley Ferry (meadows No. 1 to 4) and from Seckley Cottage to the end of the wood just above Folly Point.

Headquarters : The Harbour.

On the left bank down stream (meadows No. 1 to 6) from the top boundary of Bromley Farm to Arley Ferry, and from below Arley Ferry to Worrall's Mill.

Headquarters : The Valentia. Station : Arley.

River Severn at Buildwas, about 3 miles.

Right and left banks on the Buildwas Park Estate, left bank down stream, meadows No. 0, 1, 2 and 3. These meadows can be reserved for Contests.

Right bank down stream on land belonging to Mr. Davis. After passing farm belonging to Mr. Davis the river can be reached by passing under the railway arch, and also the railway crossing lower down. No Contests are allowed on this bank.

River Severn, about 1 mile.

On the Rhea Hall Estate, Highley, right bank down stream (meadows No. 1 and 2).

Headquarters : The Ship. Station : Highley.

River Severn, about 1 mile.

Hampton Loade. Right bank down stream. A Section, meadows No. 1, 2 and 3. B Section, one meadow

Headquarters : The Unicorn. Station : Hampton Loade.

River Severn, about 1 mile.

Haye Brook to Mill Brook. Right bank down stream. Meadows No. 1 to 4.

Headquarters : The Unicorn. Station : Hampton Loade.

River Tern at Walcot, about 1¼ miles.

Left bank passing down stream from Smethcote Farm to Duncote Farm.

River Avon at Twynning Fleet, about 1¼ miles.

Upham Meadow in the parish of Twynning from Osier Bed to Poplar Trees in the parish of Strensham.

Headquarters : Village Inn and The Fleet Hotel. Station : Bredon.

Stafford and Worcester Canal, 1 mile.

From Acton Trussell Bridge to Deepmore Lock, opposite side to Towing Path only. Three miles from Penkridge and Stafford Stations, L.M.S. Railway.

River Penk at Acton Trussell, about 2 miles.

Both sides of river at Acton Mill Farm from opposite Dunston Church, and right bank of back water passing down stream.

Right bank of river Penk passing down stream along the Rose Ford Farm water.

Farmers : Messrs. Holt and Smilie.

River Sow, about 3 miles.

From below Stafford to Milford (by arrangement with the Stafford Angling Society) along the north side of river except the Mill Stream at St. Thomas's Mill.

River Trent at Alrewas, about 5 miles.

On the Earl of Lichfield's Estate, including from first Lock at Alrewas Bridge on the Trent and Mersey Canal to the Outflow of River Trent from the Canal.

Headquarters : The Crown. Station : Alrewas.

**MOST IMPORTANT NOTICE.**

No motor cars, char-a-bancs, 'buses, etc., to be parked near Bushley Church, or in Bushley Lane, or in the meadows at the end of the lane.

LICENSES.

Members will assist the Association by taking their Licenses through their Branch Secretaries.

Severn Fishery Licenses.

For each Rod and Line available for use within the whole of the District ... **2/6**

For each Rod and Line available for use within the whole of the District **for one day only** ... **6d.**

For each Rod and Line available for use only in such part of the District as lies below Lincombe Weir other than the River Teme. ... **1/-**

Trent Fishery Licenses.

Trout ... **2/6**

Freshwater ... **1/-**

When fishing for Eels in the close season in the Trent Fishery District a Trout License must be taken out.

Children under 14 years of age are exempt from Rod License Duty in Rivers Severn and Trent.

A GOOD CATCH!

Lost & Found

Lost - landing net and pole

Hi,

I wondered if it would be possible to put a note in the newsletter to see if anyone has found a landing net and pole. Seems unlikely I could have been so stupid to leave it behind, but it may have been left either on the bank or in the car park at Uckinghall in January. The net is a 32" collapsible green net and the pole is aluminium about 5ft long with the usual screw fitting. I can't imagine they are worth much but will cost quite a bit to replace.

I can pick up from the Midlands area if any has picked them up.

Thanks

Glen Irwin
